

Health and Medical Security Assessment Rating

The country's health and medical security rating is reflective of Crisis24's five overall threat rating colors. Please note that the same color in different countries does not necessarily equate to similar threats.

A GARDAWORLD COMPANY

HEALTH AND MEDICAL ASSESSMENT RATING BREAKDOWN

EXTREME

Threats are nearly universal. Most threats are endemic, but dynamic incidents also occur and threaten health.

HIGH

Threats are widespread, but may be lower in specific areas. Dynamic outbreaks occur frequently.

MODERATE

Threats are generally limited but sometimes affect travelers or businesses. Outbreaks of infectious disease occur periodically.

LOW

Threats typically occur only in specific areas and infrequently affect travelers or businesses. Basic health precautions and routine vaccinations generally mitigate risks.

MINIMAL

Threats, where present, occur in specific, often isolated or low-traveled, areas and rarely affect travelers or businesses. Basic health precautions and routine vaccinations almost always prevent illnesses.

NOT ASSESSED

The location depicted has insufficient data available for a rating.
